

Wednesday, 17 June 2026

09:00–10:00	Registration & Coffee		
10:00–10:20	Welcome <i>Andreas Diekmann</i>		
		Plenary room	Torkelkeller
10:20–12:00	Session 1: Energy transition To use or not to use: predicting households' engagement with smart meters <i>Leonie Wagner, Daniel Sloat, Emilie Vrain, Mariana Gaytan Camarillo, Wolf Fichtner</i> Limits of Local Benefits and Risk Mitigation in Enhancing Social Acceptance of Renewable Energy <i>Memi Motosu, Suguri Taira, Makoto Nishikido, Yasushi Maruyama</i> Renewable Energy Communities and Collective Self-consumption: exploring challenges and opportunities through five experiences from the European Atlantic coast <i>Ximena Alejandra Tapia, Susi Veloso Resende</i> Network effects on the emergence of grassroots energy initiatives <i>Jacob Dijkstra, Katya Makkaveyev</i>		Session 2: Political behavior & institutions Trusted but Peripheral: How Climate Change Sits in the Public Meaning of Science <i>Monika Maciuliene, Skarzauskiene Aelita</i> You're Sued If You Do and Sued If You Don't: (Anti-)ESG Climate Litigation and Deregulatory Conflict in the EU and US <i>Kaia Turovski, Lisa Benjamin, Joanna Setzer, Himanshu Pabreja, Eoin Jackson, Judge Michal Agmon-Gonnen</i> Radical Climate Protest and Public Opinion in Germany: Ideological Moderation and the Limits of the Radical Flank Effect <i>Sebastian Koos</i> Voting for the Climate? How the Climate Issue Relates to Voting Behaviour over Time in Germany <i>Frauke Riebe</i>
12:00–13:00	Lunch break		
		Plenary room	Torkelkeller
13:00–14:40	Session 3: Environmental policy support How to get majority support for a carbon price of 200€ per ton of emissions? Experimental evidence from Germany <i>Sandra Bohmann, Felix Wolter</i> How important is perceived fairness for support of environmental policies? Evidence from CRONOS-3 Survey <i>Dimitri Gugushvili, Bart Meuleman</i> From Rejection to Reform: Fairness Perceptions and Citizen Proposals in Climate Policy <i>Theresa Wieland, Viktoria Jansesberger</i>		Session 4: Pro-environmental behaviors Meat Consumption Across Social Classes: Evidence from a Factorial Survey Experiment in the United Kingdom <i>Thea Xenia Wiesli, Wilfried Uunk</i> Social Norms and Pro-environmental Behaviours: Exploring Perceived Norms and Norm Conflict Across Education, Income, and Urbanicity Groups <i>Ying Ching (Joyce) Pang, Dorien Beeres</i> Germany's approach to voluntary carbon offsetting – findings from a representative population survey in 2025 <i>Dennis Taenzler, Janina Belz</i> State vs Market: Do Energy Price Elasticities Differ? <i>Sebastian Gechert, Bianka Mey, Franz Prante, Teresa Schäfer, Ali Tok</i> Norming simpler: Having people estimate social norms can promote pro-environmental behavior. <i>Vincenz Frey, Thijs Bouman, Fleur Goedkoop</i>
14:40–15:00	Coffee break		
		Plenary room	Torkelkeller
15:00–16:20	Session 5: Research of the GLEN-Team CO2 emissions and implications for climate policy <i>Andreas Diekmann, Felix Ries, Tom Behringer</i> Intersectionality in Carbon Inequality – How Income, Education and Gender Shape the Individual Carbon Footprint in Germany and How They Interact With Each Other <i>Tom Behringer</i> Climate change scepticism - the German sonderweg is long gone <i>Michael Friedrich</i> Support for Carbon Pricing Policies in Germany: A Longitudinal Perspective <i>Felix Wolter, Sandra Bohmann</i>		Session 6: Regional perspectives Climate change perceptions, social resources, and geographical context <i>Jonas Lieth, Peter Dirksmeier</i> Attitudes towards climate change and possible solutions: international evidence of an urban-rural comparison <i>Sigrid Kroismayr, Dimitri Prandner</i> Mapping the Green Mindset: A Cross-National Analysis of European Graduates' Climate Attitudes and the Role of Higher Education <i>Louisa Köppen, Kai Mühleck</i> The new normal? Quantifying the objective-subjective gap in temperature anomalies <i>Dennis Abel, Franziska Quoss, Stefan Jünger</i>
16:20–18:00	Advisory board meeting		

Thursday, 18 June 2026

09:00–10:00		Coffee	
		Plenary room	Torkelkeller
10:00–11:40	Session 7: Transportation	<p>Measuring Transport Poverty – Methodological Challenges of a Broad Research Field <i>Uta Burghard, Claudia Nobis, Claudia Hille</i></p> <p>Carbon footprints in everyday mobility in Germany – An important indicator for determining emission reduction potential <i>Claudia Nobis, Janina Belz, Robert Follmer, Andrea Kolodziej</i></p> <p>Transport Choices on the Way to University - Combining Survey Responses, Google Maps and Elevation Data <i>Sandra Walzenbach, Thomas Hinz</i></p> <p>Why is support for the redistribution of street space limited? Looking into the role of Inequality Awareness, Self-Interest, and Environmental Concern <i>Fabian Thiel, Claudia Diehl</i></p>	<p>Session 8: Environmental harm & consequences of climate change Sadly they will try to destroy our culture, our environment and our bhaichara": Development, Indigenous Eco-systems and Pakistani Hindus of Thar Desert <i>Zaheer Ali</i></p> <p>Harbingers of climate change: The role of extreme weather experiences in perceiving and acting against climate change <i>Lukas Kroher and Rasmus Hoffmann</i></p> <p>Survey data on adaptation to climate change in a time series: Results from the Environmental Awareness Study in Germany <i>Angelika Gellrich</i></p> <p>Digging into Pandora's box? A Q-deliberation comparative quasi-experimental study of anxiety in Poland, Ukraine, and Hungary <i>Krzysztof Mqczka</i></p>
11:40–11:55		Coffee break	
		Plenary room	Torkelkeller
11:55–13:15	Session 9: Environmental inequality & health	<p>From Heatwaves to Health Gaps: Social Stratification Under Climate Stress <i>Sandra Jaworeck</i></p> <p>Heat, Segregation, and Environmental Inequality: Socio-Ecological Vulnerability in German Cities <i>Tim Maaß</i></p> <p>Escaping Poverty but not Air Pollution: Residential Mobility and Neighbourhood Attainment of Ethnic Minorities in England <i>Tobias Rüttenauer, Dingeman Wiertz</i></p>	<p>Session 10: Measurement</p> <p>The Carbon Emissions of Everyday Life <i>Maike L. V. Weiper, Jiamin Ou, Erik-Jan van Kesteren, Qixiang Fang, Javier Garcia Bernardo, Tanja van der Lippe</i></p> <p>Measuring environmental concern <i>Axel Franzen, Fabienne Wöhner</i></p> <p>Studying actual pro-environmental behavior in online experiments <i>Florian Lange</i></p>
13:15–14:15		Lunch break	
14:15–15:15		Keynote 1: Dana Fisher	
15:15–16:35	Session 11: Heating & cooling	<p>The cultural politics of smoke: Urban Palestinian households, traditional heating practices and energy regimes in Israel/Palestine <i>Miri Lavi-Neeman, Dana Kaplan</i></p> <p>Can knowledge interventions addressing underestimated lifestyle domains increase people's acceptance of climate policies? The role of effectiveness evaluations as mediator <i>Martin Julian Merten, Josephine Katharina Bokowski, Jean-Henri Huttarsch, Ellen Matthies</i></p> <p>Digital Heating Controls in Practice: User Behaviour and Perceptions in a multi-family living lab <i>Ines Weber-Kessel, Ina Renz</i></p> <p>The Thermostat of Opportunity: Linking Cooling Access to Educational Outcomes <i>Richard Nennstiel, Christian König</i></p>	
16:35–17:00		Coffee break	
17:00–18:00		Postersession (Anteroom)	
	Acceptance of Normative vs. Non-Normative Pro-Environmental Protest Behaviors: A Vignette Study with German Adolescents. <i>Aline Kelber, Dustin Eirdosh, Susan Hanisch, Patricia Kanngiesser</i>	Intergenerational Perspectives on Concern about Environment and Climate Change. <i>Gerrit Bauer, Christiane Bozoyan, Claudia Schmiedeberg</i>	
	Turning the Tide on Trash: Evaluating a City-Level Packaging Tax in Konstanz. <i>Fabian Thiel, Andreas Schneck</i>	Increasing social justice in the heat transition of rental buildings – Survey findings on perceptions of fairness and transparency of billing models among tenants and private landlords in Germany. <i>Ina Renz, Ines Weber-Kessel</i>	
	From Protest to Compromise: Environmental Attitudes, Acceptance, and Justice in Germany's Local Renewable Energy Conflicts. <i>Jan Fjornes, Milan Matušek, Johanna Hansjürgens</i>	Attitudes towards the Energy Transition: The Goal-Implementation Acceptance Gap. <i>an Gniza</i>	
	When more is better – Examining determinants and effective ways to promote public engagement in various climate-protection strategies in Germany. <i>Karolin Schmidt</i>	Beyond Apathy: Institutional Bypass as Adaptive Strategy in Post-Socialist Environmental Behavior. <i>Laura Nistor</i>	
	„Mensch-Wald-Monitor“ (MWM) – A longitudinal survey study on forests and people in Southwest Germany. <i>Manuel John</i>	Climate action versus environmental protection? How far-right and environmentalist messengers shape public attitudes towards renewable energy infrastructure in forests. <i>Manès Weisskircher</i>	
	Navigating Contradictory Policy Signals: How Private Homeowners Frame Energy Refurbishment Decisions. <i>Miriam Schad, Immanuel Stieß</i>	Environmental inequalities - Results from the cross-sectional German Environmental Survey (GerES). <i>Sarah Tietjen, Jascha Wiehn, Christiane Bunge, Aline Murawski, Marike Kolossa-Gehring, André Conrad</i>	
	Do climate and environmental concerns contribute to individual feelings of anomie? Evidence from the German Socio-Economic Panel Study. <i>Talea Bruns, Stefanie Kley</i>	Examining Dynamic Nature of the Heatwave Risks: Agent-Based Model Concept for Heatwave Adaptive Behavior Under Environmental and Social Shifts. <i>Zuzanna Kurowska</i>	
ab 19:00	Conference dinner (Torkelkeller)		

Friday, 19 June 2026

09:00–10:00	Coffee
10:00–11:00	Keynote 2: Stefan Rahmstorf
11:00–11:15	Coffee break
11:15–12:55	Session 12: Climate change beliefs & concern Shared belief systems about individual solutions to climate change: A Correlational Class Analysis and Multilevel approach. <i>Sofiane Mazières</i> Rethinking the gender gap: Multidimensional measures of gender and climate change concern in Europe <i>Marie-Fleur Philipp, Pia Schober</i> Do Family Ties Shape Attitudes Toward Climate Change? Evidence Across Socioeconomic Groups <i>Marta Moroni, Valeria Bordone, Tobias WiB</i> Friends and foes of the green transition: the role of expansive and limiting life conceptions <i>Marcus Gercke, Jan Delhey, Christian Schneickert</i> As the Planet Heats, Public Doubt Grows: The Social Structure behind Rising Climate Change Skepticism in Germany <i>Katharina Gies, Emanuel Deutschmann</i>
12:55–13:00	Farewell
