

**Wednesday, 17 June 2026**

09:00–10:30	Registration & Coffee	
10:30–11:00	Welcome and Introduction to GLEN <i>Andreas Diekmann</i>	Plenary room
11:00–12:00	Session 1: Energy transition (Session Chair: Claudia Schmiedeberg)	Torkelkeller
	To use or not to use: predicting households' engagement with smart meters <i>Leonie Wagner, Daniel Sloat, Emilie Vrain, Mariana Gaytan Camarillo, Wolf Fichtner</i>	Session 2: Political behavior & institutions (Session Chair: Sandra Walzenbach)
	Limits of Local Benefits and Risk Mitigation in Enhancing Social Acceptance of Renewable Energy <i>Memi Motosu, Suguri Taira, Makoto Nishikido, Yasushi Maruyama</i>	Trusted but Peripheral: How Climate Change Sits in the Public Meaning of Science <i>Monika Maciuliene, Skarzauskiene Aelita</i>
	Renewable Energy Communities and Collective Self-consumption: exploring challenges and opportunities through five experiences from the European Atlantic coast <i>Ximena Alejandra Tapia, Susi Veloso Resende</i>	Radical Climate Protest and Public Opinion in Germany: Ideological Moderation and the Limits of the Radical Flank Effect <i>Sebastian Koos, Adrian Rinscheid</i>
		Voting for the Climate? How the Climate Issue Relates to Voting Behaviour over Time in Germany <i>Frauke Riebe</i>
12:00–13:10	Lunch break	
13:10–14:30	Session 3: Environmental policy support (Session Chair: Felix Wolter)	Torkelkeller
	How important is perceived fairness for support of environmental policies? Evidence from CRONOS-3 Survey <i>Dimitri Gugushvili, Bart Meuleman</i>	Session 4: Pro-environmental behaviors (Session Chair: Sebastian Koos)
	From Rejection to Reform: Fairness Perceptions and Citizen Proposals in Climate Policy <i>Theresa Wieland, Viktoria Jansesberger</i>	Meat Consumption Across Social Classes: Evidence from a Factorial Survey Experiment in the United Kingdom <i>Thea Xenia Wiesli, Wilfried Uunk</i>
	Germany's approach to voluntary carbon offsetting – findings from a representative population survey in 2025 <i>Dennis Taenzler, Janina Belz</i>	Social Norms and Pro-environmental Behaviours: Exploring Perceived Norms and Norm Conflict Across Education, Income, and Urbanicity Groups <i>Ying Ching (Joyce) Pang, Dorien Beeres</i>
	Why is support for the redistribution of street space limited? Looking into the role of Inequality Awareness, Self-Interest, and Environmental Concern <i>Claudia Diehl, Fabian Thiel</i>	State vs Market: Do Energy Price Elasticities Differ? <i>Sebastian Gechert, Bianka Mey, Franz Prante, Teresa Schäfer, Ali Tok</i>
		Norming simpler: Having people estimate social norms can promote pro-environmental behavior. <i>Vincenz Frey, Thijs Bouman, Fleur Goedkoop</i>
14:30–15:00	Coffee break	
15:00–16:20	Session 5: Research of the GLEN-Team (Session Chair: Claudia Diehl)	Torkelkeller
	CO2 emissions and implications for climate policy <i>Andreas Diekmann, Felix Ries, Tom Behringer</i>	Session 6: Regional perspectives (Session Chair: Fabian Thiel)
	Intersectionality in Carbon Inequality – How Income, Education and Gender Shape the Individual Carbon Footprint in Germany and How They Interact With Each Other <i>Tom Behringer</i>	Climate change perceptions, social resources, and geographical context <i>Jonas Lieth, Peter Dirksmeier</i>
	Climate change scepticism - the German sonderweg is long gone <i>Michael Friedrich, Henning Best</i>	Mapping the Green Mindset: A Cross-National Analysis of European Graduates' Climate Attitudes and the Role of Higher Education <i>Louisa Köppen, Kai Mühleck</i>
	Support for Carbon Pricing Policies in Germany: A Longitudinal Perspective <i>Felix Wolter, Sandra Bohmann</i>	The new normal? Quantifying the objective-subjective gap in temperature anomalies <i>Dennis Abel, Franziska Quoss, Stefan Jünger</i>
16:20–18:00	Advisory board meeting	

**Thursday, 18 June 2026**

09:00–10:00	Coffee		
		Plenary room	Torkelkeller
10:00–11:00	<p>Session 7: Transportation (Session Chair: Katrin Auspurg)</p> <p>Carbon footprints in everyday mobility in Germany – An important indicator for determining emission reduction potential <i>Claudia Nobis, Janina Belz, Robert Follmer, Andrea Kolodziej</i></p> <p>Measuring Transport Poverty – Methodological Challenges of a Broad Research Field <i>Uta Burghard, Claudia Nobis, Claudia Hille</i></p> <p>Transport Choices on the Way to University - Combining Survey Responses, Google Maps and Elevation Data <i>Sandra Walzenbach, Thomas Hinz</i></p>		<p>Session 8: Environmental harm &amp; consequences of climate change (Session Chair: Sandra Bohmann)</p> <p>Harbingers of climate change: The role of extreme weather experiences in perceiving and acting against climate change <i>Lukas Kroher, Rasmus Hoffmann</i></p> <p>Survey data on adaptation to climate change in a time series: Results from the Environmental Awareness Study in Germany <i>Angelika Gellrich</i></p> <p>Digging into Pandora's box? A Q-deliberation comparative quasi-experimental study of anxiety in Poland, Ukraine, and Hungary <i>Krzysztof Mączka</i></p>
11:00–11:30	Coffee break		
		Plenary room	Torkelkeller
11:30–12:50	<p>Session 9: Environmental inequality &amp; health (Session Chair: Henning Best)</p> <p>From Heatwaves to Health Gaps: Social Stratification Under Climate Stress <i>Sandra Jaworeck</i></p> <p>Heat, Segregation, and Environmental Inequality: Socio-Ecological Vulnerability in German Cities <i>Tim Maaß</i></p> <p>Escaping Poverty but not Air Pollution: Residential Mobility and Neighbourhood Attainment of Ethnic Minorities in England <i>Tobias Rüttenauer, Dingeman Wiertz</i></p> <p>How to get majority support for a carbon price of 200€ per ton of emissions? Experimental evidence from Germany <i>Sandra Bohmann, Lars Felder, Peter Haan, Merve Kücük, Laura Schmitz, Jürgen Schupp</i></p>		<p>Session 10: Measurement (Session Chair: Tom Behringer)</p> <p>The Carbon Emissions of Everyday Life <i>Maike L. V. Weiper, Jiamin Ou, Erik-Jan van Kesteren, Qixiang Fang, Javier Garcia Bernardo, Tanja van der Lippe</i></p> <p>Measuring environmental concern <i>Axel Franzen, Fabienne Wöhner</i></p> <p>Studying actual pro-environmental behavior in online experiments <i>Florian Lange</i></p> <p>Intergenerational Perspectives on Concern about Environment and Climate Change. <i>Gerrit Bauer, Christiane Bozoyan, Claudia Schmiedeberg</i></p>
12:50–14:00	Lunch break		
		Plenary room	Torkelkeller
14:00–15:00	<p><b>Keynote 1: Dana R Fisher</b> <b>Saving Ourselves in a Polycrisis</b></p>		
15:00–15:40	<p>Session 11: Heating &amp; cooling (Session Chair: Andreas Diekmann)</p> <p>Digital Heating Controls in Practice: User Behaviour and Perceptions in a multi-family living lab <i>Ines Weber-Kessel, Ina Renz</i></p> <p>The Thermostat of Opportunity: Linking Cooling Access to Educational Outcomes <i>Richard Nennstiel, Christian König</i></p>		
15:40–16:00	Coffee break		
16:00–17:30		Postersession (Anteroom)	
	<p>Acceptance of Normative vs. Non-Normative Pro-Environmental Protest Behaviors: A Vignette Study with German Adolescents <i>Aline Kelber, Dustin Eirdosh, Susan Hanisch, Patricia Kanngiesser</i></p> <p>Environmental inequalities - Results from the cross-sectional German Environmental Survey (GerES) <i>Sarah Tietjen, Jascha Wiehn, Christiane Bunge, Aline Murawski, Marike Kolossa-Gehring, André Conrad</i></p> <p>From Protest to Compromise: The Role of Governance, Justice and Social Networks in Germany's Local Renewable Energy Conflicts <i>Jan Fjornes, Milan Matužek, Johanna Hansjürgens</i></p> <p>Navigating Contradictory Policy Signals: How Private Homeowners Frame Energy Refurbishment Decisions <i>Miriam Schad, Immanuel Stieß</i></p> <p>When more is better – Examining determinants and effective ways to promote public engagement in various climate-protection strategies in Germany <i>Karolin Schmidt, Anke Blöbaum</i></p>		<p>Do climate and environmental concerns contribute to individual feelings of anomie? Evidence from the German Socio-Economic Panel Study <i>Talea Bruns, Stefanie Kley</i></p> <p>Examining Dynamic Nature of the Heatwave Risks: Agent-Based Model Concept for Heatwave Adaptive Behavior Under Environmental and Social Shifts <i>Zuzanna Kurowska</i></p> <p>Increasing social justice in the heat transition of rental buildings – Survey findings on perceptions of fairness and transparency of billing models among tenants and private landlords in Germany <i>Ina Renz, Ines Weber-Kessel</i></p> <p>Turning the Tide on Trash: Evaluating a City-Level Packaging Tax in Konstanz <i>Fabian Thiel, Andreas Schneck</i></p>
19:00	<b>Conference dinner (Torkelkeller)</b>		

**Friday, 19 June 2026**

09:00–10:00 Coffee

Plenary room

**10:00–11:00** **Keynote 2: Stefan Rahmstorf**  
**Climate Crisis: Current Data and Public Debate**

11:00–11:15 Coffee break

11:15–12:55 Session 12: Climate change beliefs & concern  
(Session Chair: Andreas Diekmann)

Shared belief systems about individual solutions to climate change: A  
Correlational Class Analysis and Multilevel approach  
*Sofiane Mazières*

Rethinking the gender gap: Multidimensional measures of gender and  
climate change concern in Europe  
*Marie-Fleur Philipp, Pia Schober*

Do Family Ties Shape Attitudes Toward Climate Change? Evidence Across  
Socioeconomic Groups  
*Marta Moroni, Valeria Bordone, Tobias Wiß*

Friends and foes of the green transition: the role of expansive and limiting  
life conceptions  
*Marcus Gercke, Jan Delhey, Christian Schneickert*

As the Planet Heats, Public Doubt Grows: The Social Structure behind Rising  
Climate Change Skepticism in Germany  
*Katharina Gies, Emanuel Deutschmann*

**12:55–13:00** **Farewell**
